- (a) our commitment to providing students with the opportunity to benefit from digital technologies to support and enhance learning and development at school including Bring Your Own Device (BYOD) program.
- (b) expected student behaviour when using digital technologies including the internet, social media, and digital devices (including computers, laptops, tablets)

(c)

Safe and appropriate use of digital technologies, including the internet, apps, computers and tablets, can provide students with rich opportunities to support learning and development in a range of ways.

Through increased access to digital technologies, students can benefit from learning that is interactive, collaborative, personalised, engaging and transformative. Digital technologies enabgies

educate our students about digital issues such as privacy, intellectual property and copyright, and the importance of maintaining their own p
